

Item Name: HDMI to DP adapter

Model No. CABLE-580-4K

Specifications:

- Input: HDMI 2.0v, 19pin, male, gold plated
- Output: DisplayPort 1.2v, 20pin, female
- USB 2.0 for power supply
- Material: black PVC
- Core wire: Bare Copper (1P*32#+D+AL)*5+5C*32#+D+AL)
- OD7.0mm
- Resolution: up to 4K60HZ
- Chip: LT6711A/QFN64

Features:

- This cable allows you to connect an HDMI output device to a DisplayPort monitor (a separate DP cable is required, but not included)
- Plug and play

Notes:

The adapter is not bidirectional. It only converts HDMI output signal (source device) to DisplayPort (monitor/display)
