

P/N: NETW-CONNBOX1

Description: TopX Cat 6 Shielded Connection Box Inline Couple Jack

RJ45 series port according to international standards ;

IDC: phosphor bronze, tin plated, can be pressed 22~26AWG solid line ;

Card line repeat times: >80 times ;

Eight-line reed: phosphor bronze, gold plated 6Minch, 15Minch, 30Minch, 50Minch ;

Plug and socket insertion and removal times: >1000 ;

Technical performance in line with TIA / EIA568 super six standards.

Electrical performance

- 1 .Insulation resistance: not less than 500m Ω
- 2 .Withstand voltage: DC1000V (AC750V) 50~60Hz1 minute
- 3 .Contact resistance: no more than 20m Ω

Mechanical behavior

Service life: the number of insertions and withdrawals is not less than 1000 times. The number of repetitions of the terminal card line is not less than 300 times.

Working environment

- 1 .Working temperature: -10 ° C ~ 60 ° C
2. Working temperature: 10~90%
